## Know Your Rights

### IF YOU ARE STOPPED FOR QUESTIONING:

Stay calm. Don't run. Don't argue, resist or obstruct the police, even if you are innocent or police are violating your rights. Keep your hands where police can see them. **Ask if you are free to leave.** If the officer says yes, calmly and silently walk away. If you are under arrest, you have a right to know why. **You have the right to remain silent** and cannot be punished for refusing to answer questions. If you wish to remain silent, tell the officer out loud. In some states, you must give your name if asked to identify yourself.

**You do not have to consent to a search** of yourself or your belongings, but police may "pat down" your clothing if they suspect a weapon. You should not physically resist, but you have the right to refuse consent for any further search. If you do consent, it can affect you later in court.

**It is NOT ILLEGAL to simply possess a syringe.** As a *volunteer* in our Community Syringe Disposal Program, you have a legal reason for possessing syringes that you find in the community. Inform police that *you are a volunteer and you pick up syringes when you find them*. Do not answer any further questions. It is **ONLY ILLEGAL** if they can prove that you possess the syringe with intent to use a controlled substance or legend drug.
